

# KidSight

## A FREE Preschool Vision Screening Program

### Screening Schedule:

Where: St. Paul's Christian School

Date: Tuesday, January 24<sup>th</sup>, &  
Wednesday, January 25<sup>th</sup>, 2023

Time: 9:00 A.M.

### How is the screening done?

A special computerized digital camera is used to take a picture of the child's eyes. Nothing touches the child and no eye drops are used. The whole test takes only a few seconds. The computer then calculates the results of the test and determines either that there are no problems or if the child should have a further evaluation by an eye care professional. These tests are performed as a community service by volunteers from the Ocala Lions Club.
